

## Looking for a new approach to Sunday school?

Many people like the *idea* of workshop rotation. But most churches don't have the volunteers, equipment, budget or space to implement this approach. And many churches are reluctant to toss out all of the good stuff they get with their current Sunday school program—like a new story each week, greater biblical literacy, and more.

*Walk With Me* is a perfect alternative, providing many of the benefits of workshop rotation while keeping the best components of your current Sunday school program.

The chart below summarizes what we feel are the strengths and weaknesses of each approach.

|   | Workshop Rotation                              | Walk With Me   |
